## Term deposit early withdrawal fee

When you request to withdraw part or all of your term deposit funds prior to the contracted maturity date, an administration fee of \$20 and an interest adjustment will apply:

- The interest rate applicable to amounts withdrawn early will be adjusted to reflect the proportion of the contracted term elapsed. For example, if you make a withdrawal 70% of the way through the contracted term, 70% of the interest that would otherwise have been payable on the amount withdrawn will be paid.
- The administration fee of \$20 will be deducted from the amount of interest paid to you.

The combined amount of the administration fee and interest adjustment cannot be higher than the amount of interest your deposit has earned at the time of the early withdrawal. Any funds that are not withdrawn early and remain in the account until maturity will continue at the contracted interest rate.
