Quick help guide

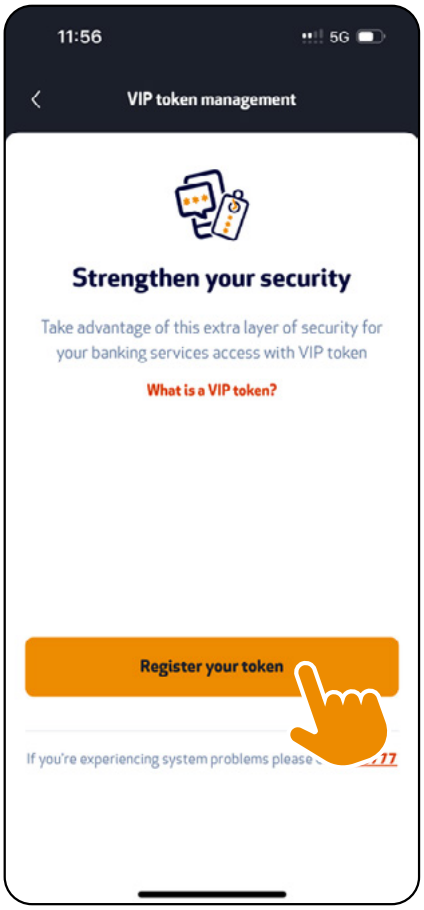

Setting up Two-Factor Authentication (2FA) in our Mobile Banking App

1. Tap the **menu button** (≡) located in the top-right corner.
2. Tap **Settings**
3. Tap **Security**

4. Tap **VIP Token management**
5. Before starting the process, you will need the VIP Token app downloaded onto your phone. To do so open the App Store or Google Play Store on your phone > search VIP Token > download one of the available apps > complete the app setup > return to our Mobile Banking App and tap **Register your Token**

6. Enter the requested details found in your VIP Token app > read and accept the Terms & Conditions > tap **Confirm**
7. Once successful, the screen below will display
